**PETITION – DOCKET NO. W-01303A-09-0343 AND SW-01303A-09-0343**

The following Youngtown Arizona residents, EPCOR ratepayer signatories hereby PETITION the Commission to DISMISS the “SETTLEMENT AGREEMENT” delivered by RUCCO, November 19, 2014 and Commission Approved December 23, 2014.

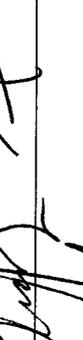

A non-dismissal of the “Settlement Agreement” would have the effect of prejudice against the fixed income citizens of Sun City and Youngtown, and subsidizing in favor of the affluent citizens of Anthem and the Buckeye area. We will lose confidence in the system if this passes. ♦ Consolidation of Service Areas (Anthem, Buckeye, Sun City, Bullhead City, etc.) would only work if they were CONTIGUOUS, making this Agreement in conflict with A.R.S. 40-334(b). ♦ Item “3.2(g) of Agreement, states “negotiations relating to the Agreement are privileged and confidential.” This means Youngtown lacked Notice and Representation. ♦ In “Epcor Water Company’s Response to Commission”, dated August 8, 2014: Epcor agrees that all of these service areas are “Individual Developments”. ♦ Instead of Epcor sending \$115 million in profits to Canada, they need to fix the problems in these high cost areas and work from a common and equal standing. ♦ Combining Districts into one is faulty thinking, and to say otherwise should require Epcor to include all properties including those in the State of New Mexico, and in Edmonton, Canada. ♦ The Single-Tariff Pricing Principle, as being applied, is ill-advised.
