Received the following -

Chino Meadows consists mostly of low income residents including seniors on a fixed income. An increase of almost 40% on water rates is completely unreasonable and ensures that many people won't be able to pay their water bill. We have just been notified that our sewer rates are increasing to over \$63 for 2015 and will continue to go up until they reach \$75 in two years. That's just for sewer!!! As it is people are finding it necessary to leave their homes because they can't pay the utilities. I realize the economy is in dire straits but increasing our water bill is NOT going to help the citizens. I respectfully ask that you decline Chino Meadows' request for an increase in their water rates.

Thank you for your consideration.
