<MSG>Dear Senator Flake,

I am writing to request your intervention in the APS West Valley-North Transmission Line Route, specifically the site corridor that is ripping through the greenbelt, wash, and community park of our already developed subdivision of Sarah Ann Ranch (Mountainside). The Arizona Corporation Commission issued Docket No. L-00000D-04-0127 Order No.67828. We are requesting a re-opening of this Order based on AZ Statute #40-252. We plead for your intervention on this extremely important situation. The power company plans on cutting 161 trees and installing four 125-foot high power poles with 230 Kilowatts in our back yards. The environmental study and clearance were conducted 10 years ago prior to any of our homes being built. Please help us stop this project immediately.

Respectfully submitted,

Marnie Schwartz
