IN THE MATTER OF THE FORMAL
COMPLAINT OF ROGER AND DARLENE
CHANTEL

RESPONSE TO ORDER

COMPLAINANTS,

Arizona Corporation Commission
DOCKETED

MOHAVE ELECTRIC COOPERATIVE
INC.

JAN 26 2015

RESPONDENT.

DOCKETED BY

The Complainants have just received an order that the Commission is going to make a ruling in its February 3rd and 4th 2015 meeting.

A large amount of the information inside this order is false or misleading. However the Complainants are only going to address two main areas, **(1) The disconnection of electricity to the residence and (2) the railroad issue.**

A survey map was provided to the Commission showing the locations of the poles, lines and the building that was claimed to be in violation and the railroad service.

1. Exhibit A is an enlarged copy of the Results of Survey Map showing lines going over the structure. This is highlighted in green. If MEC would have placed one pole at the midpoint (4, orange) to lift the line to meet present day standards, this would have eliminated

1 the violation. Or they could have re-routed the
2 electricity around the building from pole 3 to pole 5
3 and prevented disconnection from the railroad, (1,
4 yellow) as well as the residence, (blue). Exhibit B
5 is a MEC distribution line inspection photo. The
6 electricity could have been disconnected from the pole
7 in this photo going east over the building. MEC would
8 not have needed to disconnect the electricity from the
9 Complainants' residence, you see in the background,
10 highlighted in blue or from the railroad, highlighted
11 in yellow. There is something wrong here. The claims
12 inside the report are incorrect and misleading and
13 many are false. If you see any little thing that may
14 not be true in this order it should be a reason not to
15 sign this order.

16 2. MEC's attorneys have filed so many different pleadings
17 they have caused the Complainants to file bankruptcy.
18 Please take some time and read the Brief in the
19 Bankruptcy Appeal Panel of the 9th Circuit Court **Case**
20 **No. AZ-1511**. Ask for the Records on Appeal (ROA) and
21 the brief. In the brief there is a proposal in this
22 case to resolve the issues that are in front of this
23 Commission.

24 3. In normal cases like this one the ACC attorneys and
25 the administrative judges rule on simple issues like
26 the one in front of you coming up on the 3rd and 4th
27 of February 2015. It appears that money is the reason
28 this order was created. If you look at the creation
29 of this order you can see that someone has paid money
30 to have it created and is paying money to have it
31 placed in front of the Commission. This can be the
32 only reason for this order being brought in front of

1 the Commissioners. There is no other reason why it is
2 in existence. Any Commissioner having the slightest
3 hint of this happening should not place his or her
4 name on this order.

- 5 4. Please take the time to also examine the Bankruptcy
6 Appeal Panel of the 9th Circuit Court **Case No. AZ-1514**
7 regarding "Oaths" of office.
8

9 If after reviewing this order you feel like there is
10 some kind of wrong doing or misrepresentation, Complainants
11 ask you not to sign this order.
12

13 May God be with you and may you become a protector of
14 justice for the people.
