RE: Application for Authority to offer Resold Local Exchange Services in the State of Arizona
Docket No. T-03924A-13-0007

Dear Commission:

Enclosed please find an original and thirteen (13) copies of tariff replacement page number 59 for ANPI Business, LLC's Proposed Local Exchange Tariff No. 3 in Docket No. T-03924A-13-0007. This replacement page removes language referring to the Applicant's facilities, as the Applicant seeks only reseller authority within Arizona and will not actually have any facilities of their own within the state. As a replacement page, this should completely replace the previously filed Page No. 59.

Please acknowledge receipt by file-stamping the duplicate cover letter, and returning it in the self-addressed stamped envelope included for this purpose.

Should there be any questions or additional information required, please contact me at (405) 755-8177 ext. 103, or at mdean@telecompliance.net.

SECTION 5.0 - LOCAL EXCHANGE SERVICES**5.1 General**

Local Exchange Services are provided through the use of resold facilities obtained from Other Telephone Companies. The rates, terms and conditions set forth in the section are applicable where the Company provides specified local exchange services to Customers.

All rates set forth in this Section are subject to change and may be changed by the Company pursuant to notice requirements established by the Arizona Commission.

5.2 VoIP Services

The Company provides resold local telecommunications services throughout all Counties of the State of Arizona. The Company provides hosted iPBX to business-class subscribers by way of VoIP technology using multiple interfaces including Cable Modem, DSL, Ethernet, MPLS, and others. The Company can also provide the local access circuit. The Company's traditional voice services such as local dial tone, access to 911, e911, Directory Assistance, and Operator Services are available by way of VoIP delivery.

The Company's local VoIP and SIP Trunk calling services include local, 411, 611, and 911 dialing. Outbound calling options include Calling Name (CNAM) and Caller ID (CID). Inbound calling includes new and ported Direct Inward Dialing. Directory Listing (DL) is also available. Facsimile over IP is supported.

The Company will provide the Hosted PBX functionality via the VoIP Provider cloud. The Customer may bring their own broadband connection, procure connectivity through a last mile provider (ILEC, CLEC, IXC, Fiber provider, etc.), or the Company can offer the direct connection to the Customer through a complete bundle of services. Bundles are available in term commitment lengths of 1, 2 or 3 years and may include a variety of the options listed as follows: DID/DNIS/DOD; New/Ported Numbers; Voice/Facsimile; Free Local Calling; Free On-Net Calling; CNAM; E911 or 911; Directory Assistance; Directory Listing; Managed/Quality of Service.
