October 31, 2009

Dear Customer:

On October 21, 2009, the Arizona Corporation Commission gave Montezuma Rimrock Water Company LLC approval to obtain the WIFA funding needed to build an arsenic treatment system. Although the approval was given on October 21, 2009 by the Arizona Corporation Commission, WIFA must now approve the loan. Loan consideration is scheduled for December 16, 2009. MRWC is anticipating it will be able to begin construction around the beginning of January, 2010. MRWC is unable to give an exact date at this time due to the fact that the WIFA funding date is unknown. However, MRWC believes the arsenic treatment facility will be completed by April, 2010.

Included is a copy of the rate changes approved by the Arizona Corporation Commission and a copy of the public notice for the arsenic levels from the current wells.

Should you have any questions regarding this matter, please feel free to contact me.

Sincerely,

Patricia D. Olsen
