Docket: APS Request to Amend the Approved Corridor between Morgan and Sun Valley Substations

DocketNo: L-00000D-08-0330-00138

Utility: APS

Position: Pro

Email:

Comments: To whom it may concern, I am in support of the request to amend the approved Corridor between Morgan and Sun Valley Substations. I am a resident of Thunder Ridge Airpark established in 1993. Our aviation community is recognized by the FAA and Maricopa County as a 24 hour residential airport. The current approved corridor creates a hazard to flight operations during night and emergency situations. The proposed amended corridor aligned with Cloud Rd. would mostly remove the power line from our current traffic pattern that is designed to avoid over flight of neighboring community. Please consider the importance of this matter to all the resident and guest pilots that operate at Thunder Ridge Airpark. Sincerely, Otto Bischoff
