To,  
Arizona Corporation Commission  
Dear Sir or Madam

This is Regarding a new single-circuit 230kV power line from the Schrader substation near Arizona Avenue and Ocotillo Road to a new 230kV substation (referred to as RS-28) in the southern portion of the PRC.

I'm here to vote AGAINST the SRP proposed new 230 KV power line from the Schrader substation near Arizona Avenue and Ocotillo Road. We're very concerted about these high voltage power lines next to our home and neighborhood will bring my property values to under water and possible health issues to the kids, it looks very ugly to have these power lines run thru the residential neighborhoods . We request SRP to choose other alternatives to run these power lines, may be SRP can choose alternative route to run these lines or run through under ground.

Sincerely,  
Naga Nadella
