Subject: APS Greed

DOCKETED BY

Dear Commissionser,

I am writing to ask you to please stop the nonsense of APS continuously trying to shut down solar. They stated they would not ask for more money prior to the upcoming rate case, yet here they are as soon as SRP passed their fees asking for more money. (By the way, the SRP fee has all but shut down solar in their area). Please make APS live up to their word and let's make it fair for everyone involved by taking a close look at the rate structure and fees within the rate case where everything can be properly reviewed. Thank you.

Sincerely,

Jim Wilber
