State: AZ Zip: 85641 is:

Utility Company: Trico Electric Cooperative, Inc.

Division: Electric

Contact Name: Janet Bock Contact Phone: (520) 744-2944

Nature of Complaint:

Docket No. E-01461A-15-0057 OPPOSED

In the matter of the application of Trico Electric Cooperative, Inc. for approval of a new net-metering tariff, a partial waiver of the Commission's net metering rules and a revised avoided cost rate in the company's existing net metering tariff.

I understand the request they are proposing and I do not agree with them to have the ability to make it retroactive to Feb 28, 2015. We moved to AZ from TX in March of 2014 and looked to invest in solar at that time, all the companies we spoke to told us to wait a year. So one year later in late March we started shop for solar again and after finding a contractor and spending many hours of ours and theirs we find out that Trico is trying to get this approved and we cannot be grandfathered because unlike many others providers they are trying to make it retroactive. This has stopped all work from the contractor on our system because we are not sure what will be approved. Many other companies are giving customers a future date and are currently accepting applications with their customers knowing they will be grandfathered in under a future date. I f the net metering proposal is approved I would like to see it done at a future date to allow those of us time to get our system approved

Subject: Trico new charge for solar charge

If you belive this idea I belive we solar users do not put stress on the systems. We are making it possible to slow down the need of buying as much power for trico.
