April 27, 2015

To the Arizona Corporation Commission Chairman and Commissioners:

Germann Country Estates Home Owner's Association requests that the commissioners ACCEPT SRP's route filing for docket L-00000P-15-0059-00170

Germann Country Estates represents 71 homes along Germann Road near Dobson Road. The SRP proposal, approved by the ACC Line Siting Committee, is the result of extensive community participation over the preceding two years. Ultimately, SRP eliminated Germann Road from consideration as a result of extensive community efforts. In the end we commend SRP on their public process and their choice of the preferred route in the CEC application filed with the ACC.

The choice of a north-south route along the Arizona Avenue railroad places these high-voltage power lines along an existing right-of-way and where 230kV power lines have traditionally been. These are locations where home buyers/owners expect them: along highways, open/undeveloped land, canals, commercial land and railroads. We ask the elected officials of the ACC to support the proposed route for the Price Road Corridor project; docket #L-00000B-15-0059-00170. It is in the best interests of our homeowners that the proposed route be approved.

Under no circumstances should Germann Road be considered as a proposed route for the 230kV Price Road corridor project.

Sincerely,

Amit Agrawal
HOA Secretary
Germann Country Estates

Arizona Corporation Commission
