**Pecos Ranch Estates HOA**

May 6, 2015

To The Arizona Corporation Commission Chairman and Commissioners:

Pecos Ranch Estates is a community of 105 homes off Germann Road and near the Price Road Corridor. The Pecos Ranch Estates Home Owner's Association is committed to providing our homeowner's an enjoyable, livable and well-maintained environment. In keeping with our mission statement we encourage the ACC to APPROVE the SRP and Line-Siting Committee proposals as per docket L-00000B-15-0059-00170.

After two and half years of extensive public involvement SRP has done a good job finding a route that will impact the fewest number of private residences. In response to extensive homeowner negotiations Germann, Dobson, and Ellis Roads were recently eliminated from consideration. The route the line siting committee recently accepted follows a traditional plan and is a location where homeowners/buyers expect to find power lines along railroads, commercial and open land. This route protects the vast majority of densely populated neighborhoods in South Chandler. The HOA of Pecos Ranch Estates ask the elected officials of the ACC to support the proposed route for the Price Road Corridor project; docket #L-00000B-15-0059-00170. It is in the best interests of our homeowners that the proposed route be approved.

Under no circumstances should Germann, Dobson, or Ellis Roads be considered as a proposed route for the 230kV Price Road corridor project.

Sincerely,

Pete Rourke  
President  
Pecos Ranch Estates Board of Directors

2370 W. Mulberry Dr.  
Chandler, 85286
