Similar opinions in FAVOR of the Gala River Route

I am writing to respectfully request the ACC to APPROVE the GRIC route because the Gila River Indian Community has requested it because it will benefit their community. Please never again consider any route that includes Germann Road because of the harm to property values, pre-schools, families and children's health and well-being. It is especially important to our future that children be permitted to live, learn and play far enough away from high-power lines so that their health is not damaged in any way. Thank you very much for your consideration,
