Re: Docket L-00000B-15-0059-00170

Sienna Heights HOA is a community of 128 homes off of Germann Road. We support the Line-Siting Committee proposals on docket L-00000B-15-0059-00170 and ask your committee to accept SRP's GRIC route. The GRIC route and its N/S options are the result of two plus years of extensive public communication with SRP. SRP has found the best possible solution for the vast majority of neighborhoods in South Chandler and will place the power lines along more traditional power line routes. The homeowners of Sienna Heights ask the elected members of the ACC to support the proposed route for the Price Road Corridor Project.

Under no circumstances should Germann Road be considered as a proposed route for the 230kV Price Road corridor project.
