Nature of Complaint:

OPPOSED DOCKET NO.E00000XX-13-0214

Please reject APS and TEP attempts to monopolize solar power. I believe it is not right for us who have invested in solar panel to be penalize for doing the right thing. We do contribute to the power grid by paying the monthly service charge as well as taxes. These companies want to charge those of us who use solar more than others who do nothing. Please don't let these companies who are making big profits penalize those of us who are trying to help clean up the air from fossil fuel and save ourselves a little money.

Nature of Complaint:

Re E-00000XX-13-0214

Due to recent weather conditions across the world, it is more and more evident that climate change is real and is progressive. This is NOT the time to reduce funding for energy savings !Your actions would be far, far more costly in the future.

OPPOSED DOCKET NO. E00000XX-13-0214

Dear Chairman and Commissioners, My name is _____ and I am a proud Phoenician, a social worker, and a customer of APS. I write you to urge you to oppose the elimination of Arizona's Energy Efficiency Standards and any reopening of Arizona's Energy Efficiency Rules. These Standards are working to lower utility bills for me, my neighbors, and the community members that I serve. The Standards also protect vulnerable community members with weatherization and bill assistance, services and programs that I have often found an invaluable resource in my profession. The Standards have and will continue to make Arizona an affordable place to live and work. I am confident you will do the right thing for Arizona and our state's economy. Please continue to support the Energy Efficiency Standards adopted in 2010. Thank you, Maura McGarry 1602 \
