Dear Commissioner Forese,

If you let the utilities kill rooftop solar like SRP did without a proper rate case, we citizens will vote you out of your seat when you are up for re-election.

Sincerely,

Mark Mulligan

Dear Commissioner Forese,

The AZ utility companies have been raising rates for years, and now they want to shut down Solar Energy ? Why? Because they don't like Solar Energy competition!

Too bad, I think APS is being greedy. Are they really willing to anger their customers...well they have succeeded by angering me!

I have lived in AZ for 25 years, and I even vote as often as possible.

Sincerely,

Daphne Coulter

Dear Commissioner Forese,

I'm opposed to any type of tax or any more rate increases. As it is I don't have solar. My electric bill is lite, around 25.00 per month. The fees attached to my bill each month are over 50.00, totaling over 75.00. Ridiculous! Live by your means as everyone else does!

Leave solar alone. People are entitled to use what they can.

Sincerely,

Tonna Yutze

Dear Commissioner Forese,

With a Solar City pv system on my home in Tempe, AZ, I have a signed contract that specifies how much I will be charged by Solar City monthly for several decades.
If there is a change or there are changes in taxation for solar electric suppliers, this would (it seems to me) be an unjust if not illegal breach of contract with industry members.

Sincerely,

Christopher Bayne

Dear Commissioner Forese,

Please stop this slaughter of the solar energy industry in Arizona. Please insure that this issue is taken to a proper hearing.

Sincerely,

Gerald Langston

Dear Commissioner Forese,

Four utilities are trying to levy charges on solar customers outside of established procedures.

Utilities shouldn't get special treatment to raise rates for solar.

The fair process for discussing solar rates is in a rate case.

All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.

The Commission should stick to their word and not let utilities raise rates outside of the proper venue.

Sincerely,

Theresa Breithaupt

Dear Commissioner Forese,

I have always felt Arizona should be much further ahead in solar than it is. Stop coddling these power companies and move Arizona forward.

Sincerely,
