RE: SMALL WATER SYSTEMS FUND, DOCKET NO. W-00000C-15-0250

Dear Stakeholder,

At the Arizona Corporation Commission's ("Commission") Staff Meeting on July 7, 2015, the Commissioners directed Commission Staff ("Staff") to research available options for a permanent funding mechanism for the Small Water System Fund ("SWSF"), Arizona Revised Statutes ("A.R.S.") §49-355. The SWSF is to be used to provide emergency grants of money to repair or replace failing water infrastructure of systems serving no more than 500 connections and that are being managed/operated by interim managers/operators appointed by the Commission. With this letter, Staff is seeking your comments on several ideas discussed at the July 7<sup>th</sup> Staff Meeting. In addition, any new ideas you may wish to contribute are welcome.

Existing statutes currently govern the assessments used to collect monies to fund the Utilities Revolving Regulatory Fund, A.R.S. §40-401, and the Residential Utility Consumer Office, A.R.S. §40-401.01. Discussion centered around the creation of a third fund dedicated solely for the SWSF. This assessment could be imposed on customers of all water companies (sizes A, B, C, D and E), or those who are currently assessed by the statutes referenced above (sizes A, B and C).

Another option also mentioned was the imposition of a surcharge by the Commission on a case-by-case basis resulting from a rate case application.

The Commission also discussed where the SWSF should be housed, here at the Commission or with the Water Infrastructure Finance Authority of Arizona. Staff would appreciate your comments on this issue also.

The Commission anticipates legislation will be needed next session to accomplish all or part of this effort if the Commission elects to go forward. Therefore, please submit your comments by August 7, 2015. Please submit your comments to Docket Control and reference Docket No. W-0000C-15-0250.

Sincerely,

Steve Olea  
Director  
Utilities Division
