DOCKET NO. L-00000B-15-0059-00170 (Price Road Corridor 230kV line) OPPOSE

Sun Lakes, AZ 85248

23 March 2015

Arizona Corporate Commission
Consumer Services Division
1200 W Washington Street
Phoenix, Arizona 85007

Dear Commission Members,

This letter is in regard to: Docket No L-00000B-15-0059-00170 (Price Road Corridor 230kV line). Case Number 170

Please allow yourself to place yourself in the position of all Sun Lakes homeowners. Sun Lakes is not governed by the City of Chandler however the mayor wants the power lines to surround our community. Would you vote for this if your retirement home was in the gated Sun Lakes community? This community has nothing to gain from these power lines, except a devaluation of our homes, unsightly poles and possible health risks. A more appropriate site for these poles is along Germann Road as businesses in that area need the power and gain from city taxes. The required right of ways are present in that area. I encourage you to make "the right" decision and vote against the SRP proposal to erect the 230kV lines along three sides of the Sun Lakes community. We are good neighbors of Chandler, contributing large tax revenue to that city. Sun Lakes should not suffer the burden of this Price Road Project.

Nature of Complaint:

Docket No. L-00000B-15-0059-00170.

I am asking that you vote YES to SRP's recent application, Docket # L-00000B-15-0059-00170. A GRIC route stops a precedent of adding high voltage power lines to built up, densely populated communities. The elimination of the private land routes along Germann, Dobson, and Ellis Roads has the support of HOA groups, schools, daycares, churches, retail businesses, as well as the City of Chandler. Under no circumstances should the Germann route be an option. Traditionally, these power lines are built along highways, open and undeveloped land, canals, and railroads; this is where they belong. Voting to approve the GRIC route will benefit our neighbors, the Gila River Indian Community. The Allottees in the tribe have overwhelmingly approved the route. Overall, this is a win-win situation for all involved; it will provide the least impact on densely populated private land and is supported by GATE, SRP, GRIC, and the city of Chandler.
