We received the email below from APS. We strongly disagree with any solar users being singled out for a rate increase. Their "argument" of "solar fair use" is ridiculous!

Dear Liz Geis,

We want to keep you up to date with the latest information regarding your electric service.

We recently filed a proposal with the Arizona Corporation Commission to adjust the current monthly grid access charge for customers with rooftop solar. As a grandfathered customer, you do not pay this charge. But for new rooftop solar customers, the charge would be approximately \$21 per month.

Our proposal states that existing rooftop solar customers, like you, would not be impacted by this change.

If you'd like to review the proposal in full, please visit azenergyfuture.com. Or, if you have questions, please call our Green Team a

We sincerely thank you for your continued commitment to a sustainable solar future.

Sincerely,

Stacy Derstine
