Subject: Utility Source Rate Increase- Bellemont

Good Morning Commissioners,

I am emailing regarding the hearing taking place today on Utility Source's proposed rate increase. I am opposed to the rate increase. The area that Utility Source services is not an area of second homes- it is a working class community with many young families just trying to make ends meet. The approximately \$75 proposed increase per month will likely mean for many- water vs. food. I work full time and my husband works full time plus he works a second job to make ends meet. My neighbor has a family, yet rents a room out to a stranger to make ends meet. \$75 extra per month is a lot of money for the residents out here. My concern is that if this increase is granted, and Utility Source has increased revenue, I do not trust that it will be spent wisely and put towards long-term maintenance care of our infrastructure. Who will insure that?

Thank you for your service, as I know you are faced with difficult decisions.
