Docket Number: L-00000B-15-0059-00170

Dear Sir/Madam,

I recently moved to south Chandler and bought my first home ever. I put all my life savings into buying the house. I now hear that Arizona Power Plant and Transmission line siting committee has recommended the project for installing high voltage overhead power lines in south chandler.

I would like to strongly oppose the recommendation made by the committee and would like to request the commissioners to approve the project only with modifications. The modifications I would like to request are that the power lines be buried underground from The Schrader Sub Station to the Gila River Indian Reservation and again on the West side of Sun lakes.

This project poses health, safety and environmental concerns, as well as a negative visual impact and property value losses which will occur. I do not want my property to lose value because of this project.

Sincerely,
Shreya
