No power lines around Sun lakes or gila river indian reservation, Make SRP run these high power lines up Arizona ave to germann road, then west on germann road where there are already 69kv poles in place as we speak, this is a chandler power issue, NOT sun lakes power issue, keep these power lines in chandler where they belong, we purchased our house 20CT09 for mountain views to the west, now srp wants to run these lines all around the counties and affect a 40 year old retirement community here in sun lakes, Sun lakes does NOT want these lines here, So keep them in chandler where they belong and benefit from additional power, nobody wants these power poles in their back yard, to make the most people happy, would be to put the lines under ground along Arizona ave north to Germann, then west the their destination, leaving the SUN LAKES retirement community out of this ridiculous proposed route around sun lakes.
