Dear {Customer Name},

We're writing to let you know that Cricket is preparing to shut down its "old" Cricket CDMA network in Arizona, which means that we plan to terminate your current service for mobile number [Tel. No.] on [add date]. We'll contact you again in the near future to provide more information about Cricket's "old" network shutdown and the options available to you.

As part of shutting down the "old" network, Cricket intends to no longer participate in the federal Lifeline program in Arizona after July 31, 2015, subject to approval by the Arizona Corporation Commission. We will send you another notice prior to discontinuing participation in the federal Lifeline program. In the meantime, as an existing Cricket Lifeline customer, you'll continue to receive your Lifeline Credit on your current Cricket rate plan until your service on the "old" network is terminated (unless your service is suspended, you voluntarily upgrade your device, or you change your current rate plan).

You'll have the option of moving to the New Cricket (another affiliate of AT&T), allowing you to enjoy the benefits of New Cricket's 4G network and rate plans. All you need is a compatible GSM phone and one of New Cricket's rate plans. These new plans don't include a Lifeline discount, but we encourage you to check out the great values they offer.

Or you may decide to move to another service provider that still offers Lifeline discounts. It's your choice!

If you'd like to receive Lifeline discounts from another service provider, visit lifelinesupport.org or see the following list of Lifeline providers in Arizona and their telephone numbers:
