Nature of Complaint:

OPPOSED Docket# L-00000B-15-0059-00170

As property owners at Lagos Vistoso we are very concerned regarding protecting our property values and safeguarding our health and that of all of our neighbors. This obviously also applies to visual and aesthetics of our neighborhoods as well as quality of life for ourselves and future residents of this otherwise delightful community. We heartily implore you to heed our strong opposition to the recommendation of the AZ Power Plant and Transmission Line Siting Committee and ask the Commissioners to only approve the project with modifications, I.E....we are requesting that the lines be buried from The Schrader Sub Station to the Gila River Indian Reservation and again on the West Side of Sun Lakes.

We will sincerely appreciate any consideration you will give to our sincere request to register our recommendations, Dennis and Barbara Hunyada *End of Complaint*
