Nature of Complaint:

Docket No. L-00000B-15-0059-00170

We are living recently came to know that SRP is planning to put 230kv transmission lines on the railway tracks. Our house is very close to Railways Tracks and we did not expect to see high voltage lines very close to our house.

We are afraid that these high voltage lines will cause health issues to our Children and reduce our quality of life. We are afraid that our property values will go down because of the overhead power lines. It also distort the rural look and beauty of the chandler and our community. It also affect environment of chandler with these new Power lines potentially cause sound pollution..etc. We are afraid that it will cause additional risk to the flights that are going around the Chandler City

We support upcoming businesses in Price Road Corridor and adding more jobs to the city but we respectfully ask you to request SRP TO BURY THE LINES FROM SCHRADER SUBSTATION ON OCOTILLO ROAD TO GRIC LAND ALONG THE RAIL TRACKS that go thru our South Chandler communities which is less than 3 miles. It is a decision of 100 years and it will change the future of Chandler.

Thanks,

Venkata Ramya Mettu
