Tucson, AZ 85705

In the matter of the application of Tucson Electric Power Company for approval of a new net-metering tariff for future net metered customers and a partial waiver of the Commission's net metering rules.

I strongly appose the application of TEP Co. to restructure the present and active net metering policy and urge that these concerns be heard in a rate case and that the present grand father date be lifted until such case is heard and the commission can rule as such.
