To: Forese-Web  
Subject: Docket No. E-01933A-15-0100

Dear Tom Forese,

Please, *please* do not allow Tucson Electric Power to undermine the solar industry in Tucson. This is not only bad for the environment, it is very bad for the economy in Tucson. Tucson could and should become the solar capital of America!

Solar customers do pay their fair share for infrastructure, and if this legislation is passed then more and more will leave the grid totally. Solar will not be stopped because it is good for people and good for the planet.

Sincerely,

Gomati Wilson

**Subject:** Against Docket No E -01933A-15-0100

Dear Mr/Mz Forese,

Please let me go on record as opposing very much docket#E-01933A-15-0100. It is a shame small solar businesses will effectively be put out of business with this bill. We need to encourage solar businesses in Arizona not eliminate them. May i ask you to please oppose this bill. Climate change is all too real in Arizona and elsewhere. Laws should be enacted that will will encourage solar and alternative energy -- not create a virtual monopoly on power for TEP. Thank you for your consideration.

Sincerely,  
Jill Marlowe
