Dear Commissioner Forese,

To whom it may concern,

I'm tired of trying to be ripped off by these monopolies. The people getting solar are trying to help the environment as well as their pocket books and it appears that these power companies don't want that. They want to penalize us. If the power companies were smart you would think that they would be pushing to compete with these solar companies by offering solar. In this way they wouldn't have to increase their expenditures to fill the need for electricity for their customers.

Thanks for taking the time to read this.

Sincerely,
John Fife

Sincerely,

John Fife
