Subject: Trico: Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248 TEP: E-0 1933A-15-0100

Dear Utility Division,

Dear Commissioner,

I am writing today to address the rather spurious attempt by regulated utilities to pull an end around the rate case and rule process long ago established for such devious attempts as they clearly do make now. Even APS agrees. In August, an APS spokesman said "We have consistently said we have no current plans to ask the commission for any change in the \$5-per-month charge on residential rooftop solar installations prior to the next rate case because we are focused on the broader rate-design discussion."

\*Four utilities are trying to levy charges on solar customers outside of established procedures.

\*Utilities shouldn't get special treatment to raise rates for solar.

\*The fair and long established process for discussing solar rates is in a rate case.

\*All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.

**ARIZONA CORPORATION COMMISSION**  
**UTILITY COMPLAINT FORM**

---

It goes without saying the Commission should stick to their word and not let utilities raise rates outside of the proper venue. I appreciate your keeping your word to the voters in this matter and regard.

Sincerely,

Jeff Dahlgren.  
Phoenix, Arizona

Dear Utility Division,

Why doesn't the Arizona Corporation Commission or "ACC" play this game fair? Are we on the same page here? I don't think we are...Here why!

Even APS agrees. In August, an APS spokesman said "We have consistently said we have no current plans to ask the commission for any change in the \$5-per-month charge on residential rooftop solar installations prior to the next rate case because we are focused on the broader rate-design discussion." Now they are changing the game plan...WHY?

Let's do this correctly and give us a BREAK !

Sincerely,

Nicholas Acciardo

Dear Utility Division,

We have the absolute opportunity to be number one in the use of solar in the world. Taxing it to discourage its use because there is no profit for the utility companies is unconscionable.

Sincerely,

Joanne Woods

Dear Utility Division,

Don't be misled by the cruel and mischievous ways of your "other members"!

Remember...Your word is your saving grace and what you say you mean! Don't let the big money profit making power utilities undermine the job that you are being paid to do!

You work for us...not them! Taking payouts, graft, bribes, or money from an association which is here to fairly and justifiably represent our needs is wrong!

Stop the game playing and listen to our needs! Follow the law and listen to the voters !

Sincerely,

Nicholas Acciardo

Dear Utility Division,

Please !!! For the LOVE of GOD, use your heads and remember that solar is an option for everyone, not just the chosen few!

We, who have chosen to install solar collections at our home have done it for a reason...to help save this PLANET !!! The profit taking mindset has proven to be wrong and is going in the wrong direction.

Please...Use your heads and help save this world! We've done our small part, now you could do the same! Stop pushing your votes in favor of the MULTI MILLION DOLLAR power companies who have seems to buy your votes...It's time to act on the behalf of the people who put you in office!

Please act promptly and review the noted bills as they should not become law!

Sincerely,

Nicholas Acciardo

Dear Utility Division,

We need a rate case... OR better a flat rate for grid connection for ALL customers. Targeting solar customers is discriminatory. My neighbor just installed EnergyStar Appliances and a variable speed pool pump. He's saving about 50 bucks a month. Why should I pay more than him, if I install a solar project that saves me about 50 bucks a month? We are both in need of the grid. The only equitable solution would be for us both to have a single line item on our electric bill with an equal monthly grid connection fee .

Sincerely,

Craig Murphy

Dear Utility Division,

The fair process for discussing solar rates is in a rate case. By failing to use this process the Commission is simply being transparent in its contempt for electricity consumers and in its love affair with power companies. When considering the net benefit to society at large from solar, doing anything to suppress the market for grid-connected solar PV is also pathological.

Sincerely,

Christopher Dusch

Dear Utility Division,

Four utilities are trying to levy charges on solar customers outside of established procedures.

All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.

The Commission should stick to their word, and only discuss solar rates in the proper venue - a rate case. This allows for due process and for the ACC to evaluate all rates together.

Utilities shouldn't get special treatment to raise rates for solar.

Sincerely,

Wayne Johnson

Dear Utility Division,

please use caution when implementing procedures when it comes to energy use. We must work together, put greed aside & focus on the bigger picture. Our world is running in a direction which, if not corrected, will mean a very big change in how society functions. Our natural resources have been used in a unsustainable manner. We are at a turning point. We can either get serious about the need for changes in how we currently address the water, energy, food nexus. Or, we will pay the consequences in the not too distant future. Please, lets do the right thing for society, our peoples & the world. We cannot afford to do otherwise. Together we can make it a better world.

Sincerely,

DiAnn Bottomley

Dear Utility Division,

I am planning to add solar panels soon to my new home in Peoria, AZ. Please consider the implications of imposing further fees on solar customers. We should be focused on harnessing the energy of the sun, especially here in AZ. If you all kowtow to big energy, others across the nation will be cynical about their efforts to reduce greenhouse emissions. Be bold and stand strong for the solar industry. Thanks for reading. Stu von Wald, Peoria, AZ

Sincerely,

Stu von Wald

Dear Utility Division,

i am a new solar owner. Raising rates will kill rooftop solar in Arizona.the idea that solar customers will get a unfair use of the grid is simply wrong. Paying our fair share is already in our bills. Solar is not for the rich. It will be if you raise the rates since the average customer will not be able to install if the rate of return on there investment is reduced by a rate hike. Aps is using a false argument . They should be saving money by not having to add to the grid.aps is simply worked about competition from rooftop solar and is trying to slow it down please do your job and protect the consumer

Sincerely,

William Riera

Dear Utility Division,

We purchased expensive solar panels in order to reduce utility expenses in retirement. It saves us about \$100. per month. If you allow these new fees for solar (we already pay an extra fee for line maintenance), we will be out \$15,000 and be saving very little! The other utility got away with a \$50. fee, this should not happen with APS! People went to great expense to help reduce air pollution in Phoenix, our savings on utilities should not be taken away simply to replace profits for the utility companies. They are making plenty of money. Please stand up for individuals who made the investment in our community in good faith. Thank you!

Sincerely,

Dear Utility Division,

We have been told by the government to look for new avenues to provide power. Well in a city like Phoenix and the weather we experience solar energy is the right choice. After many have invested thousands of dollars to help out with the potential savings in the further to help their budget the last thing they need is for the utilities raise their rates. There are ways you as utilities can reduce your costs by implementing more solar and wind power. I am not novie enough to know there is a cost and it takes time. You have a President in office that says look for alternative energy and we the people are doing that when are corporations going to do their part. We have learned to live on a very tight budget maybe it is time you do the same thing. There are correct channels to go through and by side stepping those channels you are not showing the public that put you into office a warm and fussy feeling.

As Commissioners, elected by we the people, need to be honest and do the right thing. I ask that you rethink your position and be fair to us citizens that are doing our part in changing the footprint and moving forward on utilizing the sun to help provide power.

Sincerely,

Josie Shears

Dear Utility Division,

Dear Commissioners,

There should be no exceptions to rate cases! Keep your word on this issue and mandate that the four utilities who want to unjustly raise rates by taxing solar households must do so only after a hearing held in the proper venue. No utility should be exempt from the established hearing process for discussing solar tax rates and increases. Further the use of solar should be encouraged and not discouraged with taxes in the valley of the sun and the entire state of Arizona. I've seen the chairman herself in action on other issues and have little confidence this letter will make any difference, however I still urge you to do the right thing on behalf of those who you really should be representing, the consumers of this state.

Sincerely,

Jay Burwell

Dear Utility Division,

We live in the valley of the sun please stick to your word and don't kill solar. My electric bill has been cut to one third at a cost to me of \$22,000. Thank you as a solar customer and a customer of APS.

Sincerely,

John Fatuzzo

Dear Utility Division,

Please do not increase utility rates just for solar customers, how is that fair? Rat increases should be looked at in a rate case; the commission needs to stick to their word and not let utilities raise rates outside of the proper venue.

Sincerely,

Kathy Rampy

Dear Utility Division,

Don't raise our rates APS !!!

What more of a reason do we need in order for our word to be heard! You've been hammering your solar customers for years now, while still profiting off of our collected generation revenue. Why is that? It is not fair!

Why do you feel that it is OK to raise the rates of your collective solar customers? Follow the law and collectively review the rate case and the utilities shouldn't get special treatment when they want it! It is not legal...

Sincerely,

Nicholas Acciardo

Dear Utility Division,

Regardless of it all...you and the others who are so called "responsible" for our states power distribution are outright liars!

Just look at what is going on here today...Four distribution companies are looking to levy rate charges for SOLAR CUSTOMERS outside of their established procedures! It must be tough to see so many hard working people reduct their dependence for public utilities! Here we are thinking of saving our planet, and all you feel necessary is MONEY MAKING! It's is shameful!!,

Let's do this correctly Arizona...The commission should stick to their word and not let utilities raise rates outside of the proper venue!

Let's do this right...Ok

Sincerely,

Nicholas Acciardo

Dear Utility Division,

Quit siding with utilities against consumers trying to do the right thing. Utilities get to sell their generated power to other states many times for more money than they get in Arizona. Solar is not a burden on the power companies. They make money on it and are only trying to pad their pockets. Remember you work for the citizens of Arizona not the big corporations.

Sincerely,

Mike Mciver

Dear Utility Division,

WOW...I still can not believe that your supporting the total destruction of Arizona's solar power systems.

Given all of the positive action that solar gives to the public, I can not believe that you are not supporting these systems more so.

I would like to know why the State of Arizona hasn't gotten on board with its review of this phony accusations!

Please listen to me ...Let me know why your commission hadn't engaged the LAW and get the truth outside of it locked box!

Sincerely,

Nicholas Acciardo

Dear Utility Division,

Arizona is the perfect state to encourage homeowners to use solar energy. Please keep the hurdles down and make it less of a burden for Arizona residents to begin using this clean, endlessly renewable source of energy. Imagine how groundbreaking our state would be and the attention it would get world-wide if solar energy would be encouraged and not penalized.

Sincerely,

Pamela Park

Benson, AZ 85602

Home

We are pursuing solar power for our two meters. SSVEC is aware of this, as we have contacted them, but we are reticent to fill out their forms. They are saying we can't get net metering even though ACC hasn't made a ruling on their request to change the net metering. SSVEC says we have to sign papers before we can begin putting in our solar, but their forms tell us that if we sign them, then we are showing we are in agreement with their new stipulations for solar power customers. If we sign this, is it a permanent, binding agreement regardless of your ruling? We don't want to commit to something if you are going to rule against their request. Thanks,

Jesse and Amy Foreman

Subject: Trico: Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248 TEP: E-0 1933A-15-0100

Dear Utility Division,

Please do not raise solar fees!

Sincerely,

Ryan jacques
