RE: Arizona Public Service Company Rate Schedules EPR-2 and EPR-6
Docket No. E-01345A-13-0442

Arizona Public Service Company (APS) does not plan, at this time, to apply to the Commission to revise its purchase rates for Rate Schedules EPR-2 and EPR-6. These schedules provide options for customers with qualifying renewable and combined heat and power generators to sell back, or net meter their excess generation on their monthly bill. The purchase rates are based on avoided generation costs that have historically been revised on an annual basis pursuant to Decision No. 52345 (July 27, 1981), and the terms of the rate schedules.

If you have any questions regarding this information, please contact Chuck Miessner at (602)250-3081.

Sincerely,

Lisa Malagon
