I strongly oppose the recommendation made by the Arizona Power Plan and Transmission Line Sitting Committee and respectfully ask that the commissioners vote only to approve the project with modifications. The modifications I am requesting are that the lines be buried instead of fully exposed as planned. I am worried that our neighborhood will lose property value. I am equally concerned about the potential health and environmental risks, as well as negatively impacting the overall aesthetics of South Chandler. Please consider my daughter's quality of life and reject the recommendation made Arizona Power Plan and Transmission Line Sitting Committee.
