Dear Utility Division,

Who are you representing? Only uninformed or self interest groups would even think about NOT supporting clean, accessable energy sources.

Sincerely,

Gloria Korpi

Subject: Trico: Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248

Dear Utility Division,

I am a resident of Phoenix and am appalled at the attempt by APS and SRP to monopolize the energy industry in this region. Unfortunately they want to provide all the power from their sources located way outside of Phoenix, which does not allow for intrinsic security for the entire system. By having rooftop solar we are one the one hand producing energy and securely while on the other hand reducing the need for energy by shading the rooves of the houses that have them. In my attic I have seen a 30 degree reduction of the temperature, which is without total coverage of my roof. Imagine the energy cost savings. If our leaders in this area were all knowledgeable of the effect of the heat bubble we have created in this Valley of the Sun and did something about it all of electrical cost would be reduced.

I am against this move to centralize energy production

Sincerely,

Henry Harding

Dear Utility Division,

Consider this memo as a reminder that we the, consumers of electrical services provided by APS expect you, the members of the corporation commission to honor your word. You committed not to allow utilities to charge rates for solar power until said rates could be established during a rate hearing. Please do not single out solar users to break your word and give utility companies an opportunity to take unfair advantage which they surely will.

Sincerely,

Sandra Norman Honyaoma

Dear Utility Division,

I do not believe the Utility companies should be asking for a fee or tax to consumers with owned Solar Energy. That's completely ludicrous and should be a crime. It's completely up to the independent individual of how they want to power their own house or building for that matter.

Sincerely,

Ronny Bolsega

Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248

Dear Utility Division,

Why is it so difficult for APS to just charge a \$10-15 grid fee to all customers connected to the grid? All customers using the grid would pay this flat fee regardless of how much energy they use and whether or not they have solar. This is fair and simple and no one can complain that they are being discriminated against.

Sincerely,

chris huie

Dear Utility Division,

as we all know solar energy is our long term path to a sustainable future, there are no other options. The utilities are waging a war on solar with special discriminatory rates determined outside the proper venue, this needs to be discussed using established procedures; rate cases. All the while the important states like California & Hawaii are increasing the RPS, and have strong government support for solar - with the resulting increase in jobs and cleaner environment, as well as showing sustainable leadership. Sadly Arizona looks to the rest of the nation as the most unfriendly state for solar. This will impact jobs and new business development. Time to put the utilities on a leash and get them in line with the interests of the people. Change is hard, yet it is inevitable, time to embrace change and support solar.

Sincerely,

Randy Dunton

Subject: Trico: Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248 TEP: E-0 1933A-15-0100 UNS:

Dear Utility Division,

You have been elected to protect the residents of Arizona from unfair fees and taxes levied on us by companies such as APS. Please keep this in mind when deliberating on unnecessary (unwarranted, unjust) solar fees. No decision should be made until APS submits for it's 2016 Rate Hearing Case. At that time it will be appropriate for ACC to consider if, in fact, any changes to the current solar fee is necessary.

This bits and pieces approach to taxing solar customers is unfair and without basis.

I respectfully request that the commissioners postpone any solar based decisions until the 2016 rate hearing.

Please remember you have been elected by the people as our voice of reason and protection,.

Sincerely,  
Howard E Jones

Customer sent the following -

Dear Utility Division,

People are looking at clean renewable sources for power. They should not be penalized for the foresight that we need to change now before it is too late. The power companies profit from excess power generated by these panels. If you continue people will completely disconnect from the power grid, and as you should know this is now possible.

Sincerely,

James Weeder

Dear Utility Division,

Four utilities are trying to levy charges on solar customers outside of established procedures.

Utilities shouldn't get special treatment to raise rates for solar.

The fair process for discussing solar rates is in a rate case.

All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.

The Commission should stick to their word and not let utilities raise rates outside of the proper venue.

Sincerely,

John Spall

Dear Commissioner,

Gentlemen / Ladies,

You have been elected to protect the residents of Arizona from unfair fees and taxes levied on us by companies such as APS. Please keep this in mind when deliberating on unnecessary (unwarranted, unjust) solar fees. No decision should be made until APS submits for it's 2016 Rate Hearing Case. At that time it will be appropriate for ACC to consider if, in fact, any changes to the current solar fee is necessary.

This bits and pieces approach to taxing solar customers is unfair and without basis.

I respectfully request that the commissioners postpone any solar based decisions until the 2016 rate hearing.

Please remember you have been elected by the people as our voice of reason and protection.

Frank Karsai Jr

Dear Utility Division,

I purchased a solar system because I wanted lower electric bills during our HOT summers. I know that what electricity I produce goes into the electric grid for Arizona and other states. Since I help furnish electricity I don't believe I should be taxed. My production with other home owners helps to keep SRP, APS and other companies from being forced to spend millions of dollars on new plants to meet the needs of their customers. PLEASE keep your promise not to tax homeowners with solar. Having coal fired production plants will only lead to worse air quality than we currently have.

Sincerely,

James Taylor

Dear Utility Division,

I have recently learned that there are four utilities that are trying to levy additional charges for those of us who are solar customers. Further, they are attempting to do so outside of the accepted rate case procedure. Both APS and the Commission has stated that any changes of this kind should be considered within the rate case procedure.

I am especially concerned about this effort because any such additional taxes will discourage potential solar customers from going solar. The initial expense for a system (In our case, \$22,000 after tax incentives and the APS rebate) is such that any additional costs to the resident or business will clearly discourage solar development in our state. In regard to solar energy users, we are only 5th in the country per capita. With our great sunny weather, we can be number one if solar customers are treated fairly by the utilities. Let's work together to make Arizona the first state in solar!

Sincerely,

Jayne Stake

Dear Utility Division,

Please stick to the ACC's previous word that no changes to current solar plans should be considered unless it is part of a rate case.

This bits an pieces approach to the regulations if not in the best interest of the people you were elected by to protect their rights.

Sincerely,

Rich Mason

Dear Utility Division,

The least citizens should be able to expect from those in elected positions is to keep their promises. This isn't complicated. Review rate changes, including punitive ones against solar, as part of a rate case, not outside the normal process.

With respect,  
Tim and Kate Kosse

Sincerely,

Kate Kosse
