Dear Utility Division,

**STOP IMPEDING SOLAR ENERGY!** The state of Arizona should be leading the country in solar energy!

Three utilities are trying to levy charges on solar customers outside of established procedures.

- Utilities shouldn't get special treatment to raise rates for solar.
- The fair process for discussing solar rates is in a rate case.
- All Commissioners, and APS, have stated that solar rates should be looked at in a rate case.
- The Commission should stick to their word and not let utilities raise rates outside of the proper venue
