Re: MCC Telephony of the West, LLC Revisions to Access Services Tariff (Arizona C.C. Tariff No. 2)

DOCKETED BY *MLB*

Enclosed, on behalf of MCC Telephony of the West, LLC ("MCC Telephony"), please find an original and thirteen (13) copies of proposed tariff revisions to the Company's above-referenced telecommunications access services tariff.

The purposes of this filing are to: (i) maintain MCC Telephony's switched access rates at applicable benchmark levels; (ii) insert clarifying text and (iii) remove outdated language addressing rates for Voice-over-Internet-Protocol services. Pursuant to Federal Communications Commission regulations, following approval of the proposed changes, MCC Telephony's intrastate terminating switched access rates will remain at parity with the Company's interstate terminating switched access rates.

The following pages are included with this filing:

Page(s)	Revision Level

1. GENERAL REGULATIONS (Cont'd)**1.9 Liabilities and Obligations (Cont'd)****1.9.3 Obligations of the Customer (Cont'd)**

The Customer, authorized user, or joint user is responsible for ensuring that customer-provided equipment connected to network equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on customer-provided equipment and wiring by the connection, operation or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or the Customer-provided equipment and wiring, or injury to the Company employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense. The Customer shall provide the personnel, power and space required to operate all facilities and associated equipment installed on the premises of the Customer.

The Customer shall be responsible for providing Company personnel access to premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

1.9.4 Service Orders

The signing of a service order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth in this Tariff. Should a Customer use the Company's service without a service order, the Company may require that the Customer execute a written service order within a reasonable time from the inception of service. Customers using the Company's service without an executed service order agree to comply with the general regulations and other provisions contained in this Tariff.

A carrier-Customer may affirmatively request the Company's services either expressly by placing a written request for the Company's service or constructively by (a) sending traffic to and/or accepting traffic from Company End-User-Customers and then submitting BNA requests to the Company, or (b) allowing Company End-User Customers to choose the carrier-Customer as their PIC and once processed, allowing Company End-User Customers to utilize the carrier-Customer as their primary IXC. A carrier-Customer which has constructively ordered Company's services is responsible for payment of charges and compliance with the Company's regulations and applicable law.

1.9.4.1 Service orders, whether written or constructive, are subject to the switched access and nonswitched access service order charge identified in Section 4.7.5.

		\$ 0.004053	\$ 0.004053

5. VOIP-PSTN TRAFFIC

5.1 General

The VoIP-PSTN Traffic category consists of all traffic that (i) is exchanged in Time Division Multiplexing ("TDM") format and (ii) originates and/or terminates in Internet protocol ("IP") format. See Federal Communications Commission Report and Order in WC Docket Nos. 10-90, etc., FCC Release No. 11-161 (Nov. 18, 2011) ("FCC Order"). Intrastate VoIP-PSTN Traffic services are tariffed within the Company's state access tariff consistent with the FCC Order.

5.2 Application of this Tariff

Except where expressly noted, intrastate VoIP-PSTN Traffic is ordered and provided consistent with all provisions of this Tariff, including those in Section 2 – Switched Access.

5.3 Rating of VoIP-PSTN Traffic

Pursuant to the FCC Order, intrastate VoIP-PSTN Traffic will be billed at rates equal to those tariffed for the Company's functionally equivalent interstate switched access services as described in Section 2 of the Company's federal access services tariff (MCC Telephony, LLC FCC Tariff No. 1).
