Nature Of Opinion

Docket Number: L-00000YY-15-0318-00171

Docket Position: Against

To whom it may concern, There are those with much more eloquent wording, who have presented more than enough reasons for Sunzia to be stopped from destroying the wildlife habitat of the San Pedro River Valley riparian area, by the construction of their proposed power lines through the region. Sunzia must be stopped once and for all. Just because they continually search for loop holes, does not change the fact they will destroy one of the last great ecological areas of the southwest. We cannot put a price on such a valuable natural reduce just because Sunzia wants to save money on construction. Please save our San Pedro River Valley from destruction. Thank you.
