

STAFF PROPOSED AMENDMENT NO. 1

0000164294

TIME/DATE PREPARED: October 14, 2015 @ 10

COMPANY: UNS Electric, Inc.

RECEIVED  
AZ CORP COMMISSION

AGENDA ITEM NO. 23

DOCKET NO(S). E-04204A-14-0178

DOCKET CONTROL  
OPEN MEETING DATE: 10/20-21/2015

2015 OCT 15 PM 4:27

Arizona Corporation Commission

DOCKETED

OCT 15 2015

Insert at page 23, line 13 the following new Finding of Facts:

“O. Home Energy Reports Program

*New Program*

DOCKETED  
*[Signature]*

84. UNS Electric may offer a re-designed version of the Home Energy Reports (“HER”) Program. The purpose of the HER program is to provide customers with periodic reports that summarize their home energy usage. The reports may include comparisons to a peer group of similarly situated customers, energy saving tips or information about other UNS Electric programs.

*Proposed Budget*

85. UNS Electric may fund the HER program through reallocations within the approved portfolio budget. Prior to implementing the HER program, UNS Electric will provide Staff with the cost-benefit data used to analyze the program. If the HER program is implemented by UNS Electric, the approved budget for the HER program shall not exceed \$250,000 per year.

*Recommendations*

86. Staff evaluates energy efficiency programs and measures based on cost-effectiveness. UNS Electric does not have the costs and savings associated with a re-designed version of a HER program yet established. Staff is not opposed to a HER measure for UNS Electric, if it can be designed to meet a benefit-cost ratio of at least 1.0.

87. Given the relatively small size of UNS Electric’s service territory, should UNS Electric decide to implement a HER program, this program should be implemented in conjunction with TEP so as to maximize the potential cost-effectiveness of the program.”

Insert at page 29, line 5 the following new Ordering Paragraph:

“IT IS FURTHER ORDERED that UNS Electric may implement the HER program in conjunction with a similar HER program at TEP. The budget for the UNS Electric HER program may not exceed \$250,000 per year. Prior to the implementation of the HER program, UNS Electric shall provide Staff with the cost-benefit data used to analyze the program proving cost-effectiveness at or above 1.0. UNS Electric shall not implement the program if the benefit-cost ratio is below 1.0.”
