BEFORE THE ARIZONA CORPORATION COMMISSION
Docket No. L-00000D-11-0068-00160, Case 160
Mazatzal Substation and 345kV Interconnection Project

NOTICE OF OPEN MEETING

An Open Meeting will be held by the Arizona Corporation Commission (Commission) regarding Arizona Public Service Company's (APS) request to extend the term of the Certificate of Environmental Compatibility (CEC) in the above-referenced docket. In Decision No. 72302, the Commission granted APS authorization to construct a new 345/69/21 kilovolt (kV) substation (Mazatzal) and two new 345kV transmission lines that will interconnect with the existing eastern Cholla to Pinnacle Peak 345kV transmission line (the "Project"). The Project will be located on Tonto National Forest Service land near Payson Arizona on the east side of State Route 87, north of Arizona 188 (see map). APS has requested an extension for an additional five years to May 4, 2021 to complete the Project.

The Open Meeting will be held at the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, Hearing Room 1 on August 18 or 19, 2015 starting at 10:00 a.m. Since this matter will most likely be considered on only one of the two Open Meeting dates, we encourage you to monitor the Commission's website at www.azcc.gov for the specific date and time the Commission plans to consider the term extension.

More information is available at www.aps.com/siting. Questions on the project may be directed to D. Brad Larsen, Senior Siting Consultant, APS Transmission and Facility Siting Department at 602-493-4338 or by email at D.Brad.Larsen@aps.com. A copy of the Company's application is available on the internet via the Commission's website at www.azcc.gov using the eDocket function or at the Commission Office.
