Nature Of Opinion:

Docket Number: W-02181A-15-0216

Docket Position: Against

Opposed to rate increase W-02181A-15-0216

Customer is opposed to the proposed method of charging for water. She has zero landscaping. She is a low user and conserves as much as possible. The increase to low users and the decrease in rates to higher users seems quite unfair and should be addressed, keeping in mind the need for conservation.
