I am writing in regards to the closing of the Johnsons Utilities standpipe in San Tan Valley . As you may know this is the main water source for multiple families including mine. The closing of the standpipe would greatly effect my family because of the rise in our water bill due to having to contact water delivery services. The standpipe allows us to have affordable access to water for my family of 7 , pets and plants. On average we pay \$100 a month for water from the standpipe, with a delivery service we would approximately pay \$300 which is triple the amount we currently pay. We appreciate you take into consideration the effects of closing the standpipe would have on my family and others as well. Thank You for your time Sincerely, Miranda Family

AUG 13 2015

Provide a response to Commission Staff.

What is the status of the standpipe?

Please advise.
