Docket Position: For

The well i had went dry after a couple of years of Johnson Ranch moving to our area. Johnson Utilities provided us with a standpipe to haul water from. This was still a hardship hauling water to and from but we adapted . Now they intend to close this standpipe forcing me to hire someone to haul my water. We received a stay of execution from you in a letter stating that J.U cannot close our only source of water . Vandalism since that reprieve has rendered us out of water again. This is creating enormous hardship for my family and my business. I have already turned down two prospective new customers on the grounds that my water supply is in jeopardy. My old customers are returning in October if i have a water supply. Can u help ? Sincerely Tim Horn
