### Nature Of Opinion:

Docket Number: W-03443A-15-0271      Docket Position: Against

In the matter of Appaloosa Water Company (AWC) requesting 100% rate increase is absurd. It's my understanding that AWC (Joe Cordovana) is still non compliant with many issues. 1. ACC Decision #74787 ordered AWC to install an emergency generator sufficient to run the companies high yield well. Compliance was ordered by July 31, 2015. Has this been? Has he complied yet? 2. Appaloosa Water Co. (AWC) is out of compliance with Town of Chino Valley fire flow qirements and has been for years. 3. AWC is out of compliance with ACC order #71236 dated 8/6/2009 regarding failure to meet NARUC accounting requirements. ACCDecision #74787 Confirms that AWC is still not in compliance six years later. We lose water pressure once a week. Is Joe filling up his Koi pond next to his defunct banquet hall?. When has any company or person ever received a 100% pay increase. If you grant this increase, please do the same for my S.S. Any company mismanaged will always lose \$. Very POOR management
