Nature Of Opinion

Docket Number: WS-02987A-15-0284 Docket Position: Against

George Johnson is once again, in the Nov newsletter suggesting the Village concept as opposed to forming a city in San Tan Valley. That's because he won't have the oversight of a community that stands legally on it's own and oversees it's utility co. He is inept at what he is currently doing with the standpipe users. Door to door when he should be sending letters to the owners of record. He's threatening shutting his progress on installing pipelines cuz he's not getting any feedback for signups. Signups? No notices means no signups. He's derelict in his duties to the consumers and he's once again inferring his threats of superiority over his consumers. He's threatening Karen Christian for her speech, calling her a hypocrite in his latest newsletter to customers. Please. We need to have a meeting. I've been putting up with what seems to be the definition of domestic terrorism for 15 yrs. He sued me for speaking out. It was Bill Mundell & Swing First that saved me from his clutches.ty
