Appaloosa Water Company was authorized to obtain from the Water Infrastructure Finance Authority a 20 year amortizing loan in an amount not to exceed \$41,000 for the purpose of acquiring one emergency generator with propane tank with sufficient capacity to run the company's high yield well.

In the last 2 years there have been no reports of outages of power in our area that adversely effected the water company's ability to furnish water. The Company after receiving additional information as to the likelihood of the power being interrupted an extended amount of time would be minimal it has decided to not to continue the activity of acquiring the emergency generator.

There are no financing transactions or loan documents executed with the Water Infrastructure Finance Authority.

The unused debt authorization granted was terminated July 31, 2015.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Cordovana".
