DOCKETED BY

RE: IN THE MATTER OF THE NOTICE OF PROPOSED AMENDMENTS TO THE ARIZONA UNIVERSAL SERVICE FUND (DOCKET NO. RT-00000H-97-0137)

On September 22, 1989, the Commission established the Arizona Universal Service Fund ("AUSF") in Decision No. 56639. The AUSF was established to maintain statewide average rates and the availability of basic telephone service to the greatest extent reasonably possible. The Commission entered into an agreement for professional services with Solix, Inc. ("Solix") (formerly the National Exchange Carriers Association) to administer the AUSF.

One half of the AUSF funding requirement is collected through a surcharge paid by providers of basic local exchange service, wireless service, paging service and other Commercial Mobile Radio Service providers that interconnect with the public switched network. These entities are known as Category One providers. The second half of the AUSF funding requirement is collected from providers of intrastate toll service. These entities are known as Category Two providers.

In order for a utility to receive AUSF support, that funding must be authorized by the Commission in a rate case. Citizens Telecommunications Company of the White Mountains, Inc. ("Citizens") (formerly Comtel of the West, Inc.) is receiving AUSF money in the amount of \$769,620 annually per Decision No. 56657, dated October 10, 1989.

In Decision No. 74847, the Commission Ordered Citizens to file a report, no later than 60 days from December 18, 2014 (the effective date of the Order), to demonstrate why receipt of AUSF funds by the Company is still necessary and why Citizens should not be required to file a rate case so that its rates and the continued need for AUSF can be examined again. On Rehearing, the Commission, in Decision No. 74897, dated January 21, 2015, allowed Citizens to file the report required by Decision 74848 no later than 180 days from the effective date of the Order. Citizens filed its Report on July 20, 2015. Staff began its review of the filing, requested information from Citizens and sent its first set of formal data requests to Citizens on October 30, 2015. Staff's review of the Report is ongoing.

Solix has requested and received data from all Arizona telecommunications providers for use in calculating the surcharges that would be applied to all telecommunications providers in 2016. From this data, Solix has calculated that the year 2016 monthly surcharge for Category One providers to be \$0.011798 per access line and \$0.117977 per interconnecting trunk line. For

Category Two providers, the year 2016 monthly surcharge would be 0.3160 percent of intrastate toll revenues. The current monthly surcharge for Category One providers is \$0.011221 per access line and \$0.112215 per interconnecting trunk line. For Category Two providers, the current monthly surcharge is 0.3468 percent of the intrastate toll revenues.

The collection of these amounts over the year 2016 will generate sufficient funds to cover the amount of the AUSF distributions that Citizens has been authorized to receive. As of December 31, 2015, the AUSF is expected to have a fund balance of \$300,502. The recommended surcharges and monthly contributions are projected to increase the end of year 2016 fund balance to approximately \$300,562.

Staff has reviewed the proposed year 2016 monthly surcharges and has found them to be just, reasonable, and in the public interest. Staff does not believe the proposed 2016 monthly surcharges will contribute to a fund balance that is higher than necessary. Staff therefore recommends approval of the year 2016 monthly AUSF surcharges for service provided on and subsequent to January 1, 2016.

DOCKET NO. RT-00000H-97-0137  
DECISION NO. \_\_\_\_\_  
ORDER

Open Meeting  
December 8 and 9, 2015  
Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. On September 22, 1989, the Commission established the Arizona Universal Service Fund ("AUSF") in Decision No. 56639. The AUSF was established to maintain statewide average rates and the availability of basic telephone service to the greatest extent reasonably possible. The Commission entered into an agreement for professional services with Solix, Inc. (formerly the National Exchange Carriers Association) to administer the AUSF.
2. One half of the AUSF funding requirement is collected through a surcharge paid by providers of basic local exchange service, wireless service, paging service and other Commercial Mobile Radio Service providers that interconnect with the public switched network. These entities are known as Category One providers. The second half of the AUSF funding requirement is collected from providers of intrastate toll service. These entities are known as Category Two providers.
3. In order for a utility to receive AUSF support, that funding must be authorized by the Commission in a rate case. Citizens Telecommunications Company of the White Mountains, Inc.

1 (“Citizens”) (formerly Contel of the West, Inc.) is receiving AUSF money in the amount of \$769,620  
2 annually per Decision No. 56657, dated October 10, 1989.

3 4. In Decision No. 74847, the Commission Ordered Citizens to file a report, no later  
4 than 60 days from December 18, 2014 (the effective date of the Order), to demonstrate why receipt of  
5 AUSF funds by the Company is still necessary and why Citizens should not be required to file a rate  
6 case so that its rates and the continued need for AUSF can be examined again. On Rehearing, the  
7 Commission, in Decision No. 74897, dated January 21, 2015, allowed Citizens to file the report  
8 required by Decision 74848 no later than 180 days from the effective date of the Order. Citizens filed  
9 its Report on July 20, 2015. Staff began its review of the filing, requested information from Citizens  
10 and sent its first set of formal data requests to Citizens on October 30, 2015. Staff’s review of the  
11 Report is ongoing.

12 5. Solix has requested and received data from all Arizona telecommunications providers  
13 for use in calculating the surcharges that would be applied to all telecommunications providers in  
14 2016. From this data, Solix has calculated that the year 2016 monthly surcharge for Category One  
15 providers to be \$0.011798 per access line and \$0.117977 per interconnecting trunk line. For Category  
16 Two providers, the year 2016 monthly surcharge would be 0.3160 percent of intrastate toll revenues.  
17 The current monthly surcharge for Category One providers is \$0.011221 per access line and  
18 \$0.112215 per interconnecting trunk line. For Category Two providers, the current monthly surcharge  
19 is 0.3468 percent of the intrastate toll revenues.

20 6. The collection of these amounts over the year 2016 will generate sufficient funds to  
21 cover the amount of the AUSF distributions that Citizens has been authorized to receive. As of  
22 December 31, 2015, the AUSF is expected to have a fund balance of \$300,502. The recommended  
23 surcharges and monthly contributions are projected to increase the end of year 2016 fund balance to  
24 approximately \$300,562.

25 7. Staff has reviewed the proposed year 2016 monthly surcharges and has found them to  
26 be just, reasonable, and in the public interest. Staff does not believe the proposed 2016 monthly  
27 surcharges will contribute to a fund balance that is higher than necessary. Staff therefore recommends  
28

1 approval of the year 2016 monthly AUSF surcharges for service provided on and subsequent to  
2 January 1, 2016.

3 CONCLUSIONS OF LAW

4 1. The Commission has jurisdiction over the Arizona Universal Service Fund and matters  
5 pertaining to the fund.

6 2. The Commission's Arizona Universal Service Fund Rules, A.A.C. R14-2-1201 through  
7 R14-2-1217 provide for the surcharges adopted herein.

8 3. The 2016 surcharges for Category One and Category Two providers meet the  
9 requirements of the AUSF rules and are just and reasonable.

10 ...
