DOCKETED BY

Unconscionable price hike in light of currently having an oil glut resulting in the lowest gas prices in 7 years. There is no justification for a price hike and further more a good case to LOWER the monthly availability charge from \$10.25 to \$5.25.

A price hike for the monthly service availability charge from \$10.25 to \$25 is a 240% price hike that can not be justified.
