**APPLICATION OF THE WESTERN INFRASTRUCTURE SUSTAINABILITY EFFORT  
FOR LEAVE TO INTERVENE**

Pursuant to A.A.C. R14-3-105, Western Infrastructure Sustainability Effort (WISE) hereby moves the Commission for leave to intervene in the above-captioned proceeding.

The Western Infrastructure Sustainability Effort is a corporation dedicated to working in various western regulatory arenas in order to incentivize private investment needed to meet critical infrastructure needs in the water, waste water and natural gas industries. This case contains fundamental issues such as recovery of CAP expenditures, continuation of Arsenic Recovery, SIB alternatives, Nitrate recovery mechanism and—as in every case—Cost of Equity considerations. WISE and those who support its efforts and goals will be directly affected by the decision of the Commission in these proceedings. Moreover, the granting of intervenor status to WISE will not unduly delay the proceedings or cause the issues to be unduly broadened.

WISE requests that all communications in connection with the above-captioned

1 proceedings be directed to:
