Nature Of Opinion

Docket Number: E-01933A-15-0322 Docket Position: Against

The desire by TEP to further penalize homes with grid tied alternative energy systems is in my opinion unwarranted. In addition to the cost of a solar system we pay TEP a monthly fee which includes tariffs for clean energy, and we pay for use beyond the means of our system. In return, during periods that we use less than our system produces we receive credits, not monetary reimbursement. It is investor greed driven.
