Re: Docket No. E-00000J-14-0023

To Whom It May Concern:

I am responding to the letter from Trico asking to increase the rates on electricity in Arizona. Arizona is known as a state that has a lot of retired people. It seems to me that most of us do not

get yearly raises in our retirements (at least not this year), and yet the price of utilities keep going up. Just because we got a break on our gas pump price, our food prices keep going up too. I am sure that Trico makes enough money already to pay their investors and stockholders without having to raise the basic monthly ratethe kWh.

I have a small one bedroom house and this past month my bill was \$79.00. It is just me and I have been keeping my house at 63 at night and 68 in the day. (Which is very chilly for an old person).

Thank you for this chance to respond.
