Docket No. W-02500A-10-0382

Customer called to have his comments entered for the record and docketed.

Customer claims he moved into the Saddlebrooke area and did not realize that his water minimum was going to be close to \$70.00 per month.

Customer only used 880 gallons this month and his water bill was \$80.00. Customer is conserving as much as possible but still using a high dollar amount of water just for himself. Customer stated he only flushes once per day as it is only him at his house and this does not bother him.

Customer realizes that his comments are after the fact but still wants the Commissioners to know how this increase affects residents of this water community.
