	<u><u>\$ 49,885</u></u>	Life to Date Collections

1 IT IS FURTHER ORDERED that the first calendar year Off-Site Facilities Hook-Up Fee  
2 status report for the Mohave Wastewater district shall be due on January 31, 2011, covering the  
3 timeframe from inception of the tariff through December 31, 2010.

4 IT IS FURTHER ORDERED that Arizona-American Water Company shall lower the amount  
5 of its existing CAP Surcharge for the Paradise Valley Water district to account for the difference  
6 between the former \$22.62 per acre foot SRP water delivery and administrative charges and the  
7 current \$8.00 per acre foot CAWCD storage cost, taking into account any overcollection that has  
8 occurred since the date of the changes in the Company's CAP Surcharge costs.

9 IT IS FURTHER ORDERED that Arizona-American Water Company is hereby authorized to  
10 implement the ACRM for its Tubac Water district as presented in the application, but without any  
11 predetermination regarding engineering overheads.

12 IT IS FURTHER ORDERED that Arizona-American Water Company is hereby authorized to  
13 defer incremental operating and maintenance expenses related to the operation of the White Tanks  
14 Plant commencing with the in-service date through and until the date of issuance of a rate order that  
15 considers the reasonableness of such expenses as recoverable operating expenses, in accordance with  
16 the following:

17 (1) The deferral shall be allowed only if Arizona-American is the sole owner and operator  
18 of the White Tanks Plant.

19 (2) Arizona-American Water Company shall defer for consideration of future recovery  
20 White Tanks Plant expenses to include: labor and labor-related benefits associated with personnel to  
21 operate the White Tanks Plant; power costs; chemicals; waste disposal expenses; operating supplies;  
22 and any other expenses directly associated with the operation of the White Tanks Plant. These  
23 expenses shall be tracked and recorded in a deferral account limited exclusively to White Tanks Plant  
24 costs.

25 (3) Arizona-American Water Company shall offset the amount deferred by all operating  
26 cost savings realized elsewhere in the Company's Agua Fria system that result from the reduction in  
27 water production from existing groundwater sources displaced by treated surface water from the  
28 White Tanks Plant. Arizona-American Water Company shall track such operating cost savings
